

## Sexual Harassment Awareness Workshop (3hrs)

### What we cover

What is it?

The impact

The law

Witnessing

Prevention

Resources

### Workshop objectives

- Define what sexual harassment is and what it isn't
- Discuss the impact sexual harassment has, on both a personal and an organisational level
- Recognise sexual harassment, when it is happening
- Develop strategies to prevent sexual harassment in the workplace and create a safer working environment

### Why Willow & Puddifoot?

- **Depth and Interactivity:** Unlike shorter online courses or compliance-focused tick-box training, our 3-hour session is highly interactive, featuring group discussions, real-life scenarios, and exercises to ensure practical application.
- **Behavioural Change Focus:** While other options may focus purely on legal requirements, we provide participants with the confidence and tools to prevent and address harassment effectively, making a real impact in your workplace.
- **Engagement and Retention:** Online courses often lack the personal engagement needed to tackle sensitive topics like sexual harassment effectively. Our interactive workshops create a psychologically safe space where employees can ask questions, challenge perceptions, and practice responses.
